

## DISTRICT REQUIRED ASSESSMENTS

### **Interim**

Content: Math and Writing

Dates: October, December, May

Format: Written assessment, Multiple Choice and Constructed Response

Purpose: The Interim assessments measure students' achievement of key Essential Learning Goals and Common Core State Standards. It is designed to inform teachers' instruction by assessing important learning goals throughout a grade level and measuring content in alignment with the district Scope and Sequence time frames. It also provides summative information at the end of the year.

### **STAR**

Content: Reading

Dates: August, October, December, February, May

Format: Computer assessment, Multiple choice questions

Purpose: STAR measures students' performance on early literacy and reading comprehension skills. It is designed to assess students' progress in literacy and informs teachers' instruction by providing periodic estimates of growth and summative information.

## STATE REQUIRED ASSESSMENTS

### **DRA2**

Content: Reading

Dates: September, December (Kindergarten only), April

Format: One-on-one reading assessment

Purpose: The DRA2 provides teachers with information to help them determine each student's independent and instructional reading levels and identify what the student needs to learn next. The assessment focuses on Oral Reading Fluency (the reader's rate, accuracy, and expression) and Comprehension (oral and written).

### **PARCC(Reading, Writing and Math) and CMAS (Social Studies and Science)**

Content: Literacy and Math for (3<sup>rd</sup>-5<sup>th</sup>), Social Studies (4<sup>th</sup>), Science (5<sup>th</sup>)

Dates: March (Literacy and Math), April (SS, S), May(End of year: one session Literacy and Math)

Format: Computerized assessment Multiple Choice and Constructed Response (R, W, M)

Purpose: PARCC (Literacy and Math) and CMAS (Social Studies and Science) are designed to determine the level at which students meet the Common Core State Standards, which describe what students should know and be able to do at specific grade levels. These assessments give a snapshot of where your child stands in relation to these educational standards. They also measure the progress of Colorado students over time.
