

CSC March Minutes

Attendees: Kim Lemme, Michon Schmidt, Caiti Dolegowski, Kristen Shiramizu, Lisa Hennessey, Michele Townley, Evyenia Pappas, Lynn Heintzman, Mindy Klowden, Ali Terry, Beth Griffiths

Agenda:

- Michon spoke to Lake Middle School meeting (about 15 parents in attendance, most of them from Brown). These meetings are meant to help begin the dialogue between the families and Lake and get more accurate information out there. Every 3 weeks these meetings will be held AS WELL AS tours for parents to go visit some classrooms. She wants families to see the passing periods. The turn around money that was allocated for them has been spent. CO-Location (2 separate schools) with Strive, however, if Lake gets their numbers up, Strive will have to go. We need to start talking to our 3rd & 4th grade families now to make sure they know all of the great things about Lake. Lake also wants to have a booth at our Spring festival to market themselves/community engagement and they would also give the money to our school. Please contact Michon Schmidt for more info. michon@sukle.com (will someone please verify this email?)
- Develop (or find the one from a few years ago) an assessment list to shoot out to parents so they know more about what these assessments are. We see the acronyms all the time but have no idea what they mean and how they are used inside the classroom.
- Instead of hiring an AP we are participating in the Learn to Lead program. We are pretty sure that it will be Sue Williams (current AP at Bradley which is also an IB school). Her title is "principal intern." This role will look basically like an AP. She will also be the principal of our summer school. The district pays 30% and we pay 70%.
- Lisa Hennessey and Amy Hegwood applied for our differentiated roles and both accepted it. They are called "senior team leads." Lisa will go to .5 SPED/.5 Coaching & Evaluating Teachers. Meegan Epps will become 1.0 SPED teacher. Amy will be .5 3rd grade (sharing with Whitney Hamlin who will also do .5 intervention for the other half of the day)/.5 Coaching & Evaluating Teachers. Teachers will opt in to receive coaching from Lisa and Amy.
- 1.0 Spanish teacher will be hired and a 1.0 IB coordinator (they will have the responsibilities of the library as well). This coordinator will be Melissa Capozza. Lindsay Crocker will be helping again next year with check in and check out.
- We are focusing our technology money on two things: There are 6 Promethean Boards in this school that need to go! Our goal over

the next 2 years is replace these boards. We will also buy another laptop cart with 30 chrome books.

- The postings that we currently have are Kindergarten (Amy Anderson has resigned). Our Spanish position (Trent McFalls has resigned). 3rd grade (add on classroom and Susan Powers has applied). Whitney Hamlin's position will then be open as well.
