Yummy in My Tummy: Get your spoon, paintbrush and chocolate syrup ready – we're going to create Art! From cupcake design to tasty tacos to chocolate syrup painting – it's all about the wonderful and wacky world of food art! Create still life paintings and build spaghetti sculptures and make personal pizzas, learn about food artists such as Vic Muniz, Giuseppe Arcimboldo and Wayne Theibaud. Projects are not edible and are faux food art.

Art! Art! Art! with Ms. Melinda; grades K-5

Cost: \$160, Min. 5 students, Max. 25 students. To Register: Contact Melinda Stewart at SweetRidgeStudios@gmail.com, 785-608-6673. Scholarships available.

Are you a maker? Do you love to create? This class is for You! We will ignite our creativity by making paper mache animal sculptures. Let's learn art vocabulary and explore new materials. The animal you choose to create does not need to be real, the wilder the better! When our animal sculptures are complete we will learn to sew and stuff imaginary insects. Does your insect have a super power? An extra set of wings? Join me on Wednesdays to set your imagination free, make friends and have fun!

Brains in Your Head Book Club: grade 4-5; Presented by Kathleen Gormley (Brown Teacher)

Cost: \$25 material fee; student minimum 4, student maximum 10. To register or to request a scholarship, email KATHLEEN_GORMLEY@dpsk12.org

This club is for enthusiastic readers who want to make friends through their love of books! At weekly meetings we will share thoughts about some great literature, emphasizing social themes relevant to middle-graders. Works on our reading list may include, among others, *Elsewhere*, *Wonder*, *Because of Mr. Terupt*, and *Becoming Naomi Leon*, depending on interests of club members. The teacher will present background and questions to stimulate discussion, but the club will be reader-driven and reader-led. In order to have meaningful discussions, participants will be expected to complete assigned reading between meetings and to adhere to behavior requirements during meetings. Our purpose is to have fun talking about books and this group definitely is not intended as a tutoring or homework club. All are welcome. Membership is limited to 10 students, but if there is enough interest, new sections will be added. This club does not meet if meeting conflicts with a school event at which Ms. Gormley must be present - such as parent conferences.

League of Wayfinders: grades K-5; Presented by League of Wayfinders (leagueofwayfinders.com)

Cost: \$210; student minimum 4, student maximum 6. To register please contact Casey at Casey@leagueofwayfinders.com

As a member of the League of Wayfinders, participants take on the role of a unique and heroic character that they design to adventure in a rich fantasy storytelling game. They interact with other players' characters and the Arbiter, who is in charge of describing the environment and playing the cast of colorful background characters that the players interact with. The adventuring heroes work as a team to talk their way out of jams, solve challenging puzzles, and navigate ancient monster lairs, gaining treasure, friendship, and advancing their character's personal story in the tale that they make together. Our programs offer kids a completely non-digital activity which is incredibly rewarding and fun and learn to flex their imagination in a social setting. We integrate education into the system, creating a cooperative storytelling experience that builds friendships and critical thinking that they can carry with them both in and out of the classroom. League of Wayfinders programs are much smaller than the traditional after school program, with groups ranging from 4-6 kids per instructor, allowing for much fuller engagement and one-on-one time with instructors, and facilitating more engaging stories based on the children's needs.

Cost: \$315 for 14, 90-minute classes. Student minimum 16, maximum 24 (Scholarships available based on enrollment and need) To register, visit <http://MindDance.com/register>. Questions? email info@MindDance.com.

Kids learn to code in the MindDance Scratch Lab by creating their own video games, animated stories, and interactive art. They build their projects in Scratch, an MIT-developed computer programming language for children. Our teachers provide inspiration and support, as students experiment, tinker, create, and share. The MindDance Scratch Lab is a warm and supportive learning community. It is social, artistic, experimental and fun. In between weekly classes, students are able to develop Scratch projects at home, publish their work to the Scratch website, and introduce Scratch to siblings, parents, and friends. Thanks to the way we group our students, this is a great class for Scratchers of all levels, from new to advanced. Visit <http://MindDance.com/Brown.pdf> for a flyer and live links to two 3-minute videos which show the fun and value of learning to code. Satisfaction is guaranteed, and a full refund of unused classes is available for any child that does not love the class.

Penmanship Practice: grades 1-5th ; Presented by Rachel Chappell

Cost: \$75;. To register, email Rachel_chappell@dpsk12.org

Even in our world of advanced technology, human beings still need to know how to write and to have a unique signature. This after school class will help your student have neater handwriting skills, proper spacing, and we will even learn how to write in cursive! Your child will be able to try calligraphy and artistic expression in signing autographs with their own signatures. Small groups will work on different activities based on needs. Ring in the New Year with a Young Rembrandts class for your elementary student. Our budding artists will have the opportunity to flex their creative muscle as they take on fun, artistic challenges like our Jack Russell Terrier and even More Emojis in the month of January. February brings fun and culture into the classroom as our students learn about masquerade and dive into the mind of master artist Romero Britto. The month of March, get ready for some dinosaur-sized excitement as your elementary student recreates the ferocious T-Rex Young Rembrandts style! In the spring, if you think your student is a budding architect, he or she will love our city skyline lesson. Learning to develop and apply patterns is the focus too, as our artists venture out into the wild and create an intricate zebra drawing. Later, our students will learn about cool and warm colors with the patterned flowers lesson and realism with the London bridge and our art history lesson focusing on Gustav Klimt. Join us for the fun and adventure of these lessons and more. Sign up today!
